

## The Mineralogical Society Library

The **Mineralogical Society Library** is housed within the Penrhyn Road Library at Kingston University. The material is divided between the (Science and Technology) Journals collection on the 2<sup>nd</sup> floor of the Library and the Library store on the ground floor. Titles housed within the Journals collection are shelved in alphabetical order with the most recent of the currently received titles being shelved with other current issues. Library staff at the enquiry desk will be able to give access to titles held in the Library store.

For full and precise holdings information please see the main Library catalogue either from terminals in the Library or via the Library web pages at:
