CALCULATION OF RESULTS

To obtain an overall test score add the scores for all twelve statements. Maximum score = 84
Minimum score = 12.

IF YOU SCORED 70 OR MORE you are a highly enterprising person. You like thinking up original ideas and you have the motivation and persuasive powers needed to get others involved. You trust your own judgement and are prepared to stand by your beliefs.

IF YOU SCORED BETWEEN 70 AND 55 you can sometimes be enterprising and you have some of the qualities needed to be a successful entrepreneur. However, you don't yet have the self belief and drive to go all the way.

IF YOU SCORED LESS THAN 55 you probably have all sorts of other qualities, but being enterprising isn't one of them. Not everyone wants to be or can be an entrepreneur, and let's face it there is probably only room for one Simon Cowell on the planet.
