

## Town House Community Garden

- Who:** Transition Town Kingston (TTK), KU staff and students
- Funding:** N/A
- When:** April 2010- Present
- Aim:** To create an attractive, productive and educational community garden. The space will be a much needed 'peaceful haven' to spend lunchtimes. The raised bed will provide healthy snacks for passers-by such as radishes, spring onions and strawberries.
- Results:** The raised bed structure has been built, and seeds and seedlings donated by staff, students and TTK members. A plan of the area has been created featuring; wild flowers, a vegetable bed, seating, and a 'learning wall' made from "waste" materials.
- Contact:** Elise Toogood (Sustainability Hub Outreach Officer)
